

Countryside & Related Skills Technical Certificate

If you care about the countryside and wish to develop a range of practical skills required for working in this industry, this course is ideal for you. All three of our land-based campuses are set in acres of stunning countryside, allowing you to perfect your skills before going onto further study.

✓ Ideal if

You want to build up your knowledge in order to develop a career within the countryside and environmental industry.

☰ You'll need

Four GCSEs at grade D or 3, including English, maths and science.

🎓 You'll learn

Estate skills, land-based machinery, woodland management, environmental issues and conservation through work-based placements.

❓ Expect

Supported and independent study; rural-related debates and a mix of practical and classroom based theory. Assessment includes both coursework and exams.

♥ You'll love

The focus on practical skills development, work experience and access to our beautiful farms and estates.

🚀 You'll go on to

Further study such as our Land & Wildlife Management Technical Extended Diploma Level 3 or an apprenticeship.
