Foundation Degree (2 years)	£9,950	£9,750	£9,500	£9,500	£9,500

* New entrants in 2018 will be charged £5,000 per annum. New entrants in 2019 will be charged £5,600 per annum.

Students who are repeating elements of their programme will be charged where necessary a pro-rata fee based on the number of credits being studied. Students should contact the HE Admissions Team to ascertain relevant fee information.

Tuition fees will not increase during a programme of study - students will pay the same amount for each consecutive year as for their 1st year of study. For example, a student commencing a Foundation Degree in 2018, will pay £8400 for both years of the two year programme. Students progressing internally from a Level 5 programme (e.g. Foundation Degree or HND) to a Level 6 top-up in the next academic year, will also be charged the same as for their first year of study. External entrants to Level 6 top-up programmes will be charged the stated fee.
